## COMPANY OVERVIEW

### ABOUT US

Alnakheel Engineering Consultants is leading company in construction design and supervision, operating from Ajman since 1995. The Company started with 2 engineers and has presently grown to a size of 22, handling an average of 100 running projects. This concern is now a fully fledged engineering consultancy, self sufficient in all activities with a reputation extending beyond the boundaries of small emirates that hosts it.

The commitment and responsiveness shown by Al Nakheel Engineering Consultants has spread its reputation in to being involved with many prestigious projects in Dubai, India and Somalia. The firm has completed more than 2000+ projects since its inception.

### OUR STORY

It is with pride that the company and its members remember the struggles of the early years, to its present position not only as the leading firm among peers, but also in recent years a winner of the economic downturn. Through the difficult times, firm never have a history of downsizing or austerity, while it did expand into a group activity with establishment of an additional office by the name of AL Reef Engineering Consultancy and a diverse economic activity with Al Reef Diesel Trading, Today with its high flying reputation of trust and commitment the focus in all elements that build a great company in to a growing group of companies with same value and better results than original.
